CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## 65 Children Sign Up To Participate Summer Program

A total of 65 children have registered at the Canal Point School for participating in the summer playground program, sponsored by Palm Beach County Board of Public Instruction, according to Robert Crandall, local director, and teacher of the seventh and eighth grades.

This is the first year that Canal Point School has participated in the recreational program which will last six weeks of five days each.

The morning activities from 8:30 to 12 under the supervision of Miss Eula Snyder, a member of the school faculty. Films are shown and a story hour conducted. Miss Snyder also supervises a story hour at the play centers of Pahokee and Belle Glade.

The afternoon recreation program is from 1 to 5 p. m. with Crandall supervising the activities which include Tennis, volleyball, soccer ball, soft ball, basketball, ping pong and horse shoes. Within a week or so the soft ball team will play scheduled games with teams from other playgrounds.

## Elks Swap Lands With Upthegroves

The Pahokee BPOE Lodge 1638 is consolidating the frontage of its grounds through a transaction with Mr. and Mrs. Elmer Upthegrove in which the Lodge is exchanging a lot with a 78-foot frontage for the Upthegrove lot with a 50-foot frontage which is next to the Elks Hall on either side.

The Upthegrove grocery store building and the residence back of it will both be moved approximately 250 feet north of their present location to new concrete foundations on the 78-foot lot. The Lodge is assuming the expenses of constructing the new foundation and moving the buildings.

When the work is completed next month the Pahokee Elks Lodge grounds will consist of seven continuous lots, with a 350-foot frontage on East Main Street.

## Upthegrove Market To Close Thru August

Babs and Marie Upthegrove announce that their grocery store and market will be closed during the entire month of July while the store is being moved and remodeled.

Plans call for moving the store north to a new location across from the Pure Oil Station. After the store has been moved it will undergo remodeling and repainting. On August 1, Mr. and Mrs. Upthegrove will welcome their many friends and customers to their new location.

The Ross Allen Reptile Institute at Silver Springs recently shipped a Regal Python that was approximately 19 feet long and weighed over 100 pounds to the Philadelphia Zoo.

## Lynn Shirley Is New Rotary Member

L. L. Shirley was received as a new member of the Pahokee Rotary Club at the club's luncheon meeting last Thursday. In the absence of T. Harold Williams of West Palm Beach, who was scheduled to attend the luncheon as guest speaker but was unable to fill his speaking engagement because of pressing business, the Rotarians held a song fest which was led by John A. Dulany with Robert O. Lampi at the piano.

## Hospital Sets New Millage For 1952-53

A budget of \$102,200 for the operation and maintenance of the Everglades Memorial Hospital through the fiscal year, June 1, 1952 to May 31, 1953, was adopted by the Northwestern Palm Beach County Public Hospital Board at a meeting at the hospital Thursday night of last week. The board recommended a special tax millage of 10 mills on all taxable property within the district to help cover the cost of operating the hospital.

Anticipated expenses listed in the budget: administration, \$12,280; dietary, \$13,782; laundry, \$5,000; housekeeping, \$2,486.68; plant operation, \$5,447.50; maintenance, \$3,200; medical and surgical supplies, \$5,000; nursing services, \$33,823.82; medical records and library, \$360; X-ray and laboratory, \$3,600; operating and delivery room, \$500; nursery, \$100; anesthesiologist, \$2,000; board members (expense allowance), \$300; tax assessor (commission), \$1,800; hospital building rent to the City of Pahokee, \$11,100; notes payable and interest, \$1,620.

Anticipated income: fees from private patients, \$35,000; from Palm Beach County patients, \$7,200; from taxes, \$60,000.

Albert Fremd, chairman, presided at the meeting. Other board members present were Mrs. Vena Mae Schroeder, M. D. Geiger, M. P. Stanely and C. A. Batchelor.

## New Restaurant To Be Air Conditioned

Lynn Shirley, Texaco distributor, started construction this week on a modern air conditioned restaurant to be erected alongside his Texaco station in Pahokee. He expects that construction will be completed and the building ready for occupancy by August 15. Mrs. Albert Gant will operate the new restaurant. Mr. Gant now operates the station.

Mr. Shirley in commenting upon the new building said it would be modern throughout with an acoustic ceiling. The counter and booth tables will be covered with Formica and plastic will be used in gay colors to upholster the furniture.

Sightseeing crowds this spring at the Hialeah race track increased 10 per cent over a year ago. Hialeah is the only track in the world maintained the year round as a public park.

Minute Maid, canners of Florida citrus juices, recently broke ground for a new research and development laboratory building in Plymouth.

## Fish, Beans, Celery, Cows; Now Oil From Lake Okeechobee?

TALLAHASSEE — An effort will be made to find oil under Lake Okeechobee, Florida's largest body of fresh water.

The Coastal Petroleum Company yesterday was granted a permit by the cabinet to sink a well in the lake about 455 feet out from the Glades County shore. The company proposed to drill to a depth of 13,000 feet if necessary.

It will be the first attempt to find oil under the vast lake.

A 13,000-foot well would be one of the deepest ever sunk in Florida. The Gulf Corp. well near Key West went down 15,455 feet before being abandoned as a dry hole for the record depth.

The 12 producing oil wells of the Sunnysland field in Collier county are about 11,500 feet deep each.

## A Quiet Meeting?

Pahokee Lions had a quiet luncheon meeting this week. Most of the time was spent listening to chairman of standing committees give their reports on club activities during the past month.

## Elmer Jones Takes Rotary Pres. Gavel

Elmer Jones, Pahokee Hardware merchant, accepted the gavel from retiring President Harold Rosenberg of the Rotary club yesterday. President Jones will preside over his first meeting next week.

Mr. Rosenberg in retiring as president of the club cited the year's accomplishments which were varied and many. Outstanding among things accomplished by the club during the year was the significant work of the Rotary Club Welfare Committee. This committee has gained state-wide recognition for the splendid work it does in emergency welfare cases.

The retiring president expressed his deep appreciation to club members for the honor accorded him a year ago in naming him president. Also, he extended sincere thanks to all Rotarians for their splendid cooperation during the year.

## Marshall Lair Is Church Board Head

Marshall Lair was elected chairman of the official board of the Pahokee First Methodist Church at a recent meeting in the church, succeeding O. B. McClure, who has served as board chairman for the past 16 years.

Other new officers elected were R. V. Thomas, vice chairman, and J. J. Schroeder, recording secretary.

The group voted to purchase a new mimeograph machine for the printing of the weekly church bulletin. It was announced the bulletins will no longer be sent to church members by mail except by special request.

## Summer Band Classes Scheduled

Forty-seven students have enrolled in the summer band classes that are being sponsored at the Pahokee School by the Palm Beach County Board of Public Instruction, according to Bandmaster Robert O. Lampi, who is instructing the classes.

Any regular band students returning from vacations are urged to attend the two special sessions being held weekly for these students. There are still a few school-owned instruments available for beginners, Lampi said.

## Pahokee Donates \$100 To Summer Playground Plans

W. D. (Bill) Howard, local director of the Summer Playground Program for school-age children, sponsored by the Palm Beach County Board of Public Instruction, appeared before the Pahokee City Council Monday night to explain the program and request assistance in the purchase of needed equipment. The Council voted a donation of \$100 to be used for playground equipment.

Arrangements were made for a meeting of all city employees on Friday at which time an insurance expert will outline a plan of sickness and hospitalization insurance benefits, the employees to vote on whether or not they want to adopt the plan.

A contract to furnish supplies for a water main extension on Rardin Avenue was granted to the Davis Meter and Supply Company, low bidder.

Funds were authorized for the purchase of a new culvert in the city streets improvement program and the purchase of a power spray machine for the control of mosquitoes was discussed.

It was announced the city clerk's office will be closed all day Saturdays through the months of July and August.

## Methodists Plan For New Building

A. R. Harrington, Harlan Sears, F. M. Wilson and Delmar Hooks, members of the official board of the Canal Point Methodist Church, and the Rev. James R. Roy, pastor, met recently with the Livingstone Fund committee of the Snyder Memorial Church in Jacksonville to ask for assistance from the Fund in the building program planned by the church.

The Canal Point Methodist Church is a mission church of Snyder Memorial and it will be known by July 15 whether or not assistance will be given, according to the Rev. Roy.

The proposed \$20,000 building program for the local church includes the construction of a new church sanctuary, an addition to the Sunday school building and an arcade connecting the two buildings.

Naco Fertilizer Company has started construction work on a huge fertilizer mixing plant in the Ft. Pierce area. The plant will be one of the most complete and modern in the country and will serve a large area of agricultural Florida.

## Rardin Asks SRD To Let Contract On State Market Road

In an effort to get something done about the stretch of State Road between the Pahokee State Farmers Market and the Pahokee-Canal Point highway, County Commissioner Paul Rardin asked the county board Monday to adopt a resolution seeking relief from the State Road Department. The resolution requested that work be started so that completion of the job would come about before another busy farming season arrives in this area.

Declaring that "people in the Glades are becoming impatient," Commissioner Rardin, asked and received approval of a resolution to expedite work on SR715—a stretch three-fourths of a mile long.

Mr. Rardin said the SRD budgeted this project, to cost about \$31,000, last year and again this year, "but to date nothing has been done on it." Mr. Rardin said the SRD has not let a contract for the work.

"I want the State Road Dept. to know that the people in the Glades are getting impatient," Mr. Rardin said. Copies of the resolution are to be sent to the SRD at Tallahassee, and a telegram regarding the project is to be sent to Merrill P. Barber, Vero Beach, district SRD member.

## Evans Seated On County Commission

Herbert N. Evans, Lake Worth, Monday became County Commissioner for District 3 when the oath of office was administered by Circuit Judge Joseph S. White as the county board opened its regular session in the commission room at the courthouse.

Mr. Evans filled his commission from Gov. Fuller Warren, who appointed him to fill unexpired term of the late Commissioner John Prince, and also filed a \$5,000 bond as required by law. Following the brief ceremony, Mr. Evans was congratulated by the other commissioners.

Commissioner Ben Sundy of Delray Beach was named vice chairman to succeed John Prince who died on June 10.

## Activities Planned

W. D. Howard, director of the Summer Playground Program for school-age children in the Pahokee city park, announces the activities schedule for the week of Monday, June 30, to Friday, July 4.

From 8 to 9 a. m., table tennis, checkers and badminton; 9 to 10 a. m., beginners swimming instruction; 10 to 11 a. m., intermediate swimming instruction, junior life saving and water sports; 11 a. m. to 12 noon, tumbling, croquet and croquet; 1:15 to 2:15 p. m., croquet, croquet and badminton; 2:15 to 3:15 p. m., beginner's tennis instruction; 3:15 to 5:15 p. m., mites softball, junior softball and senior softball games plus croquet, croquet and badminton.

## Word To Graduates

JACKSONVILLE—William A. Dunlap, Florida District Manager of the U. S. Department of Commerce Field Service, has issued a special message directed to all graduates who are leaving school during the graduation season.

"This is the graduating season", says Dunlap, "and right now graduates are interested in getting started into business or some enterprise of their own. The Department of Commerce has available a series of books of interest to graduates, as well as businessmen, at prices set to partially defray the cost of printing."

Dunlap urges all graduates interested in entering a business of their own to contact the Depart-

ment of Commerce, 425 Federal Building, Jacksonville, for the list of publications. Featuring such subjects as location, capital investment, organization and record keeping, these manuals are designed to help the businessman operate his business in an efficient and profitable manner.

Do you have Series E Defense Bonds coming due this year?

# Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

Here's how Series E Defense Bonds earn the first 10 years

## Defense is your job, too!

**T**HIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over. The nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U.S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

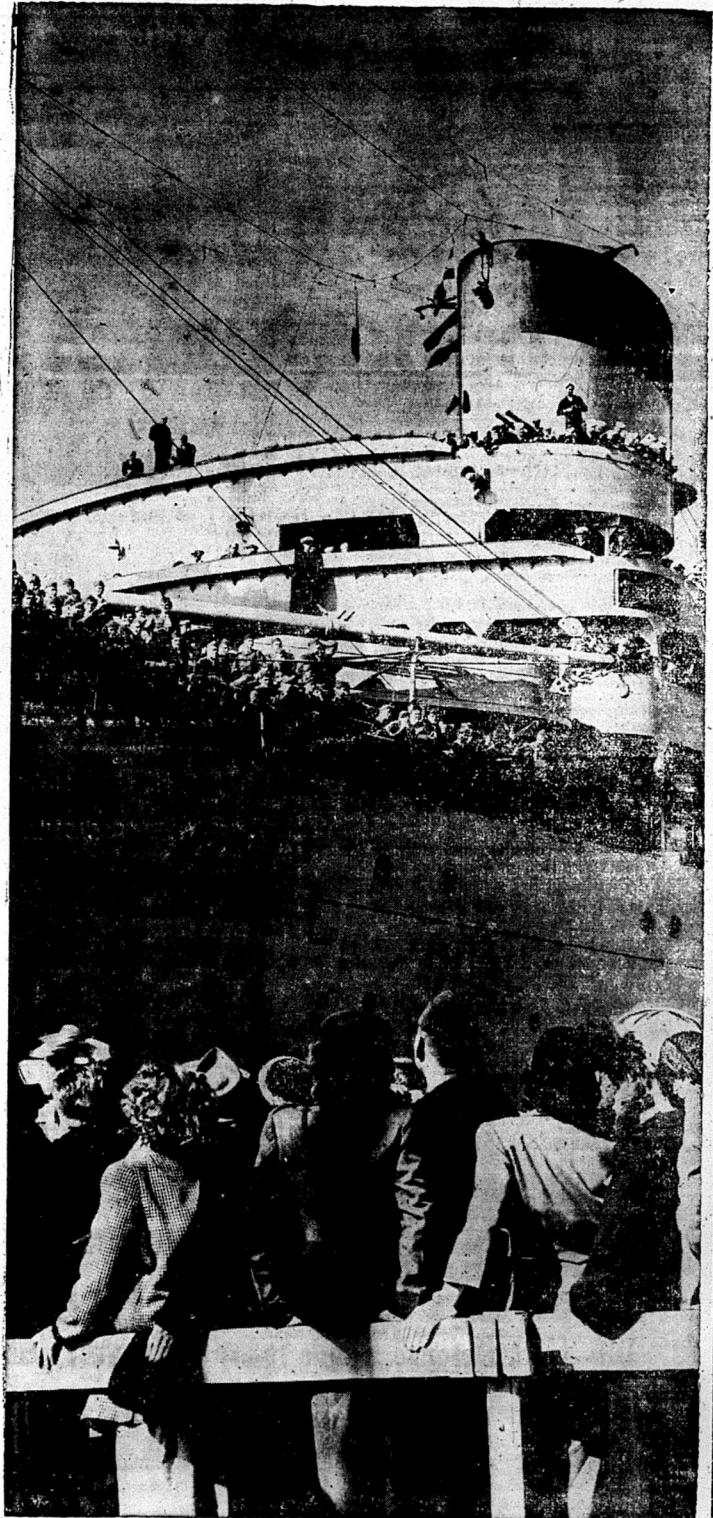

### The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

## Young Stockmen Conclude Big Deal With Lykes Brothers

Routine in the business office of Lykes Brothers Packing Plant came to a halt recently when four bright-eyed youngsters marched in, asked to see the manager and announced that they had a fine hog for sale. The boys, members of the Seminole, Fla. 4-H Club, are sons of Mr. and Mrs. Charles Williamson, Danny 11, Pat, 7, Ralph, 5 and Mike 10, (left to right in the picture). They are shown receiving a check for their hog at top center market price from General Manager J. B. Williams of the Lykes Plant, while their mother, Mrs. Charles Williamson is 4-H Boys Club Leader. The boys sold the hog and brought 15 members of the club to witness the sale and acquaint themselves with how stock is sold and processed. Following a tour of the big plant one of the boys turned to his brothers and said, "I think, from now on we'll deal with Lykes Brothers. I like the way they do business."

Mr. and Mrs. J. B. Iler and children of Stateboro, Ga., are visiting Mrs. Paule Rice and son, Edwin Rice, and Mrs. and Mrs. Myers Fountain in Pahokee.

Mr. and Mrs. Angus Cowart and his father, Reppard Cowart, will leave Sunday for a visit with the latter's son-in-law and daughter, Mr. and Mrs. Charles Brown, in California.

Mrs. R. A. Guy has been ill at her home in Pahokee the past week.

Mrs. B. W. Wood will leave this weekend with her son-in-law and daughter, Mr. and Mrs. Charles A. Baker, and their daughter, Linda Carol, of West Palm Beach on a three weeks' vacation trip to North Carolina. During their absence Mr.

and Mrs. Baker's younger daughter, Beverly Sue, will be the guest of her grandparents, Mr. and Mrs. William A. Baker, in Canal Point.

Mrs. C. W. Marsh and son, Allen, of Albany, Calif., are guests of Mr. and Mrs. J. K. Royeton in Canal Point. They plan to be here until Aug. 18. Mrs. Marsh is a daughter of Mr. Royeton and it is the first time in 25 years that she has seen him.

Mr. and Mrs. Inman W. Weeks had as guests over the weekend their son-in-law and daughter, Dr. and Mrs. Edward L. Hamilton, and children of Orlando.

Danny Nichols and Mary Lou Young of Delray Beach are the guests of Bob and Buddy Burnett in Pahokee this week.

Mr. and Mrs. W. A. Huff, Jr., of Elkton, Fla., were week end guests of Mr. and Mrs. H. H. Sears in Canal Point. While here they visited many other friends. Mr. Huff formerly farmed east of Canal Point.

Dick Parrish announces this week that his jewelry store in Pahokee will be closed during the month of July. Mr. Parrish and his family will spend the month at Fort Myers Beach.

### Christian Science Group Of Canal Point

That religion can be a definite science will be stressed in services in Christian Science churches next Sunday. The subject of the Lesson-Sermon is "CHRISTIAN SCIENCE."

The Golden Text is from Isaiah (35:10): "The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."

Bible selections include: "For the commandment is a lamp; and the law is light; and reproofs of instruction are the way of life" (Prov. 6:23).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include: "The Science of God and man is no more supernatural than is the science of numbers, though departing from the realm of the physical, as the Science of God, spirit, must, some may deny its right to the name of Science (p. 111).

### McKethan Says State Road System Is Inadequate

TALLAHASSEE — Discussing Florida's highway problem before the Florida Bankers Association convention recently, State Road Chairman Alfred McKethan stated that "no problem which faces Florida has greater urgency or contains more hidden dangers for the future than our outmoded and inadequate highway system."

"The time for action is at hand," he said. "This problem is urgent. We have passed the buck too long. The high level of prosperity that we are continuing to enjoy; the ever increasing traffic burden of our roads; and the thousands of annually, call for elimination of transportation bottlenecks."

"Our economy depends so greatly on highways that they really are a part of our every day business. Failure to meet highway problems over the years presents a real danger to our economy and frankly, it is my belief that no other single factor in state government has a greater bearing on our economy than a proper highway system."

McKethan pointed out that motor vehicle registrations in Florida had increased 106 per cent since 1940 with a total of 1,130,000 cars, trucks and buses being reg-

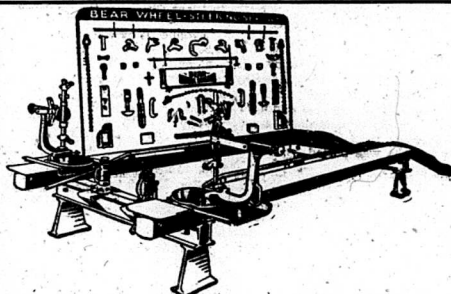

istered. The number of tourist cars entering the state shows an even greater increase.

Florida can no longer delay action in providing for her present day road needs. This can only be accomplished by taking the Road Department entirely out of politics and setting up a sound long range road building program. We can no longer get by with temporary patchwork construction which is both wasteful and costly. Roads built in the future should be designed to fit in an over-all plan and built to last.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The County Commission on Monday accepted and certified to County Tax Assessor James M. Owens, Jr., a nine-tenths mill tax levy by the Palm Beaches Sanitary District to raise \$87,300 for its 1952 fiscal year budget, and immediately afterward rejected a petition by L. S. Gauden, West Palm Beach, in which Mr. Gauden asked the commission to refuse the nine-tenths mill levy on alleged grounds that such action would be invalid.

Board members agreed with Commissioner Lake Lytal, West Palm Beach, that Mr. Gauden "must go to the proper authorities" with his complaint, which had previously been rejected by the Supreme Court. Mr. Lytal had stated that "this is a matter for the courts and not the County Commission."

Commissioners received and certified to Mr. Owens a one-mill tax levy by the Central and Southern Florida Flood Control District on lands in Palm Beach County for the district's 1952 budget.

Commissioners denied a request by County Registrar DeWitt Upthegrove for an expense-paid trip to Jacksonville June 27-28 to attend a meeting of the Legislative Committee of the Florida State Assn. of Supervisors of Registration. Motion denying the request was made by Commissioner Sunday and seconded by Commissioner Paul Rardin, Canal Point, who stated that Mr. Upthegrove has "already overspent his budget by \$3,900."

A motion by Mr. Rardin that the court case close from 5 p. m. July 3, to the morning of July 7 for the July 4 holiday, was unanimously adopted.

A report on Civil Defense activities in the county was received from Ellis F. Altman, county CD director. The report deals with establishment of CD programs in Palm Beach County schools.

Petite Marcia Crane, this year's Miss Florida, was pronounced Garden Queen recently at Cypress Gardens.

## Pat Maxson Named Frat Sweetheart

Miss Patsy Maxson, daughter of Mr. and Mrs. R. Earl Maxson of Canal Point, was one of the five co-eds at Florida Southern College, Lakeland, who were honored when they were selected to reign as fraternity sweethearts through the 1952-53 school year.

Miss Maxson, popularly known as "Pat" on the campus, was named sweetheart of Sigma Phi Epsilon at the close of school in May at the annual queen of hearts dance. She was presented with a heart of pearls pin and a bouquet of red roses.

She has just completed her freshman year at FSC where she is majoring in music and is a member of the Delta Zeta Sorority.

## Charles Humphries Has Eye Injury

Pvt. Charles Humphries, U. S. Army, reported by the War Department as wounded in action on the Korean battlefield on June 10, received an injury to his right eye in an artillery barrage by the enemy, according to information

received this week by his parents, Mr. and Mrs. W. A. Humphries, Jr., in a letter direct from Charles who is receiving treatment at a hospital in Tokyo.

In his letter he said he was recovering nicely from his wounds and expects to be sent back soon to join his old outfit, the 180th Inf. Regiment.

## Bigger Farms

WINTER PARK — Bigger and bigger farms are coming into production every year, but the overall agricultural picture in the U. S. is still, by far, small operations, according to the research department of the Florida Farm Bureau.

The Bureau points out that approximately two thirds of all U. S. commercial farms sell products worth less than \$5,000 per year. It further reveals that all commercial farms represent 68.8 percent of the total with the rest composed of part time, residential and miscellaneous farms.

A still further breakdown shows that 19.1 percent of the commercial farms sell products worth from \$250 to \$1,199 per year.

## Pierce - Farren

Announcement has been made of the plans for the wedding of Betsy C. Pierce of Pahokee and William E. Farren of Belle Glade which will be held at the First Methodist Church in Pahokee Monday, June 30, at 8 p. m., with Rev. R. A. Guy, pastor, officiating at the double ring, candlelight ceremony.

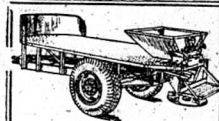

Mrs. John J. McCarley of Belle Glade will be the matron of honor and Mr. McCarley will serve as Mr. Farren's best man.

Preceding the ceremony a program of nuptial music will be presented by Dean Wilson, organist, and Milton Carpenter, baritone.

Robert DeLoach and Danny Mullis, both of Pahokee, will act as ushers.

No formal invitations have been issued but all friends of the couple are invited to attend.

The annual report of the Florida Citrus Exchange points out that the orange concentrate order of the federal government for the school lunch program was one of the major stabilizing influences of the current citrus season.

## From where I sit ... by Joe Marsh

## Whitey Sure "Rang the Bell"

Telephone woke me out of a sound sleep last Friday about eleven-thirty. "This is Whitey Fisher out on River Road," says a voice. "I just wanted to tell you how much I like this week's Clarion."

"Thanks, Whitey," I told him. "But why in blazes call to tell me at this time of night?" "Simple," he says, "your paper boy just delivered it a short while ago. Been waiting for it all evening."

Next day, Buzzy Wilson tells me he delivered Whitey's paper late because he stayed for the school dance and thought it would be OK

to drop it off on his way home.

From where I sit, I can't blame Whitey for his joke. He was just reminding me we owe other people the same respect we expect from them. Since I'm always talking about respecting the other fellow's rights—including his right to enjoy a glass of beer if he chooses, it was only fair that Whitey should "wake me up" to his right to get his copy of the Clarion on time. Thanks again, Whitey!

## Power Company 'Makes' Satevepost

MIAMI—National publicity is not too difficult to obtain when you offer top notch cheese-cake releases and fast action superb pictures provided by newspaper and magazine editors by such able organizations as Cypress Gardens or the Miami News Bureau but when you can "make" the Saturday Evening Post, Collier's or Fortune with pictures of unadorned industrial plants, sans bathing beauties, palm trees or power packed action you are really accomplishing something.

Few privately owned utility companies in the country have received as much national publicity and favorable comment in top-flight national newspaper and magazines as the Florida Power & Light Company of Miami, and the answer is found in the fact that unsought recognition is deserved.

The June 14 issue of Collier's Magazine featured an article by David Lillenthal entitled, "Business in Bulwark of U. S. Strength," in which he pointed out the importance of independent business and private enterprise to the nation's welfare.

Included among the outstanding industrial organizations that are contributing to America's advancement was the Florida Power & Light Company, and among the pictures featured in the article was one of the FP&L power plant at Cutler.

In his article, Lillenthal stressed the importance of private enterprise terming it the "bulwark of the nation's strength." He said that there should be room in our society for both public and private ownership of utilities.

Commenting on Lillenthal's article, McGregor Smith, president of Florida Power & Light Company, said:

"There are many instances where it is logical for the federal government to produce electric power as a by-product from dams which are principally devoted to navigation, irrigation or flood control in the development and conservation of our natural resources.

"But when ambitious government agencies try to use this as a springboard to socialize the entire electric industry, it is time to call a halt.

"For sometime now the Interior Department through its Southeastern Power Administration, has been trying to get money from Congress to build a network of transmission lines in the Southeast that would criss-cross and parallel lines of existing power companies, to distribute power from government dams.

"The public will be better served, wasteful use of money and materials avoided if the power is sold to private companies who are anxious to distribute it—pass the savings on to their customers who, as taxpayers, helped fi-

nance the government dams that produce it.

"I agree with Mr. Lillenthal that public and private ownership can work together in the electric business in helping build the kind of a nation we want, but in so doing we must be a constant guard against the socialist influences within our country."

## Square Dance

A public square dance will be held in the new American Legion Hall on Canal Point Road Saturday, June 28, starting at 9 p. m. The dance is being sponsored by Fred and Percy Mansfield Post 90. Admission will be 60 cents, proceeds to go for the benefit of the American Legion Home. Music will be furnished by the Dixie Highlanders.
